You are looking at an stunning 1929 Mercedes-Benz SSK Replica built by Classic Motor Carriages in Miami, Florida in 1985. This Kit car was manufactured on a brand new 1980 Ford Pinto chassis and equipped with a 2.3L Ford Pinto engine and Automatic transmission. The odometer currently reads 4528 miles. The car was parked for two years. We purchased this vehicle from its second owner and fully restored it within the last 6 months. Many brand new, original parts were installed such as a brand new top, front grill, and electrical system, among others. As of today, the manufacturers of this Gazelle still retail an extensive number of brand new original parts. This beauty runs and drives like a champ. Everything remains original except for a CD player that was recently installed. If you are a fan of vintage cars we encourage you to come see this great example. Documentation such as owner's manual, brochures, and actual photos of the factory are included on the sale. Please look at the many pictures and contact us if you have any additional questions.
